

Heno Isofoil Fix

High-quality fastening element for Heno Isofoil Bubble Foil, used in greenhouse insulation.

- Easy to apply
- Suitable for various surfaces, including glass, wood, metal, stone, and plastic
- For indoor and outdoor use

Heno Isofoil Fix is a high-quality fastening element, specifically designed for mounting Heno Isofoil Bubble Foil, used in greenhouse insulation.

The Heno Isofoil Fix is easy to apply, by attaching the bottom part using silicone adhesive or suitable glue, depending on the surface. The Bubble Foil can be placed on the threaded tip and secured with the sealing cover. If necessary, the Bubble Foil can also be easily removed.

Another option for attaching Heno Isofoil Bubble Foil are our Heno Isofoil Clips, also very suitable for mounting Heno Isofoil Bubble Foil to greenhouse bars.

Applications:

- Mounting Heno Isofoil Bubble Foil in greenhouses.
