

## Heno Pool Liner Protection Recycled

Henofa has developed a special fleece for the protection of swimming pool and (swimming) pond foil. This protective felt assures you of high-quality and durable protection.

This Fleece offers a strong protective function and prevents damage to your liner, caused by, for example, stones, irregularities and / or roots.

The Heno Pool Liner Protection is produced from 100% recycled synthetic fiber.

- ❖ High-quality and consistent quality felt made from 100% recycled fibers;
- ❖ For optimal protection of your foil;
- ❖ Rot and mold free;
- ❖ Durable, the product has a long lifespan;
- ❖ Simple and fast processing for the user;
